Spring 1943 Price List of

Superior Glads

We did not anticipate issuing a price list this spring but due to the fact that so many items are sold out, we are sending out this much abbreviated price list and requesting that no more orders be sent for varieties not included in this list. Our crop this season has been much smaller than usual and we request that you send your orders as soon as possible after receiving this list. We expect to utilize most of our ground for food crops until the war is over and our enemies conquered. Perhaps then we may again have our usual quota of bulbs to offer.

Our Daffodil list is to be issued later in the season and if you have not ordered Daffodils in the past or specifically mentioned them when asking for our catalogues, we invite your requests for our list. It will not be in the mails until May or June.

TERMS

Prices quoted are prepaid except on items listed by the hundred, or the section titled "quantity prices." 10% discount on orders for more than \$5.00 if cash in full accompanies order. This discount not to apply on White Gold wholesale prices. All stock offered subject to prior sale. We still have a small supply of old catalogues and for those wanting cultural instructions we will gladly supply one of these.

NEW FOR 1943

TIMOR—A rich pure salmon rose (almost rose pink) from Picardy x Tip Top. Good sized, well formed flowers, nicely facing on spikes of medium height. Should be a good commercial. Bulbs \$1.00 each.

CONQUEROR—Salmon pink with yellow throat having a good number of blooms open on a tall spike. This is a seedling grown by my father, Geo. A. Mitsch. Bulbs \$1.00 each..

WHITE GOLD—While this is not new for this year, this fine Glad is deserving of special mention. Very large tall cream with deeper cream throat. Strong grower and rapid propagator. A most spectacular flower which has been the recipient of many prizes at major Glad shows. No. 1 blubs \$1.20 each; No. 2, \$1.00; No. 3, 85c; No. 4, 75c; No. 5, 60c; No. 6, 50c. Bulblets, 15c each, 10 for \$1.00.
